Nest Kitchen & Taphouse is a new, exciting, and upscale full-service restaurant offering a constantly-rotating selection of small-batch Virginia craft beers, serious food, fine wines and handcrafted cocktails in a sophisticated yet energized setting. Nest features a fantastic patio, a bar with 20 taps and a dining room under a showstopping butterfly roof. The natural light shining through the floor to ceiling windows in our newly constructed space creates a warm and inviting atmosphere for workers and guests alike. We are open for breakfast, lunch and dinner and are now interviewing for staff positions, both full- and part-time.

We believe in hospitality, community and taking care of our people! We provide opportunity for advancement to those who work hard and want more!
